A pie chart illustrating the regional distribution of the population. The chart is divided into four segments: West (32%, teal), East (30%, dark grey), Central (22%, salmon), and South (17%, yellow). Each segment is labeled with its region name and percentage, with a thin grey line connecting the label to the corresponding slice.

Region	Percentage
West	32%
East	30%
Central	22%
South	17%

A bar chart with three bars representing the number of items in different categories. The y-axis is labeled from 0K to 800K in increments of 200K. The x-axis lists the categories: Technology, Furniture, and Office Supplies. The bars are teal. The values for each bar are displayed above them: 836K for Technology, 742K for Furniture, and 719K for Office Supplies.

Category	Number of Items
Technology	836K
Furniture	742K
Office Supplies	719K

A donut chart illustrating the distribution of the UK population across three sectors. The chart is divided into three segments: a large teal segment representing the Consumer sector at 51%, a dark grey segment representing the Corporate sector at 31%, and a red segment representing the Home Office sector at 19%. Each segment is labeled with its respective sector name and percentage, with a thin grey line connecting the text to the corresponding part of the donut.

Sector	Percentage
Consumer	51%
Corporate	31%
Home Office	19%
